

**Crime Prevention Through Environmental Design
Norwalk Municipal Code, sec. 27-25.9**

Currently, window signs **shall not exceed a total of 50%** of the total window area. Research and practice show that changing the physical environment of a building or neighborhood are effective tools in reducing and preventing crime. The City of Norwalk Department of Public Safety encourages you to comply with the current window sign regulations. Please contact us to find out more about our business watch and crime prevention programs. We are here to help you enhance the safety of your business and your community!

What can YOU do to help reduce and prevent crime within your business?

Remove advertising from windows (comply w/NMC 27-25.9)

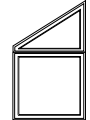

Increase lighting in the area

Trim vegetation to discourage “hang-out” around the store

Install drop safe and establish procedures for its use

Remove tall display cases

Use a “teller window” to complete late-night transactions
